## BIOGRAPHY

Hello! i am Alex, a 3D Artist & Graphic Designer working for the architectural market and product visualization. Concious about personal and professional life, creative and innovative at work, ambitious and go-getter, a fine team-player, resilient under pressure, quick thinker and endowed with enthusiasm. To maintain an excellent work record , eagerness to learn new technology and willing to face the upcoming challenging work in a multi tasking environment.

## EXPERIENCE

3D Generalist & Graphic Designer

**TETRIXS TECHNOLOGIES ( June 2010 - February 2013)**

Tetrixs Technologies is a team of talented animation and production specialists supported by experienced management & communication professionals based out of Cochin, India.

Equally conversant in 2D and flash animation, our forte is however 3D animation.

With the growing interest in visual communication with animation as a platform, Tetrixs has been building an impressive portfolio of completed projects.
